PURPOSE OF THIS DOCUMENT

This document shows, week by week, what each module teaches and where to find it in the Teacher Lesson Plan book, the Student Workbook and the Lesson Slide Deck, so a teacher or reviewer can move from the plan to the exact page in one click.

INTRODUCTION

How This Scope and Sequence Works

This scope and sequence follows the Grade 5 Supplemental Support System week by week: PREPARE plus Clusters 1 to 8, four modules each, one module per week for 36 weeks. Each row names the genre and focus, the reading passage and its stamina level, the key framework, the main TEKS, and where the module lives in the three student-facing and teacher-facing materials: the Teacher Lesson Plan book, the Student Workbook and the Lesson Slide Deck. Every location is a live link to the IMRA site.

HOW TO READ EACH ROW

- **Week** is the week of the 36-week sequence (one module per week, per the Grade 5 Pacing Calendars).
- **Main TEKS** lists the Primary, Spiral and Recursive TEKS and the TEKS Correlations of the module exactly as printed in the current Teacher Lesson Plan guide (Module at a Glance and TEKS Correlations sections). Editing breakouts (5.11D) are listed in grey; the full editing detail is in the separate Grade 5 TEKS 11D chart.
- **Key framework** is the framework the module's teacher pages name most often (for example CSI, TREES, MICE, CREATURES, LEAVES, TRAILS).
- **Where it lives** gives the file and page for each material. Blue underlined text opens the IMRA site.
